

EC Password Change Procedure

As part of our continuous improvement to enhanced levels of security for accessing our E-Commerce website effective immediately, users will be directed to the screens to complete their password change. This must be completed in order to access our sites.

We recommend choosing a complex password.

Passwords must meet the following minimum requirements:

Not contain the user's account name or parts of the user's full name that exceed two consecutive characters

Be at least SIX characters in length

Contain characters from three of the following four categories:

English uppercase characters (A through Z)

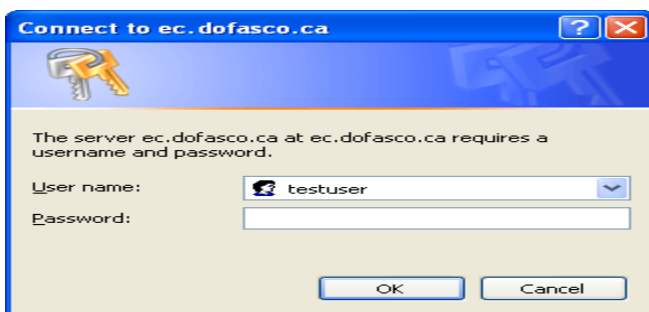

English lowercase characters (a through z)

Base 10 digits (0 through 9)

Non-alphabetic characters (for example, !, \$, #, %)

Complexity requirements are enforced when passwords are changed or created.

Instructions for changing your password.

You will be presented with this login screen, enter your username and password. **If you don't remember your password, please call our help desk at ext 2255**
